

www.tessiturataborelli.it

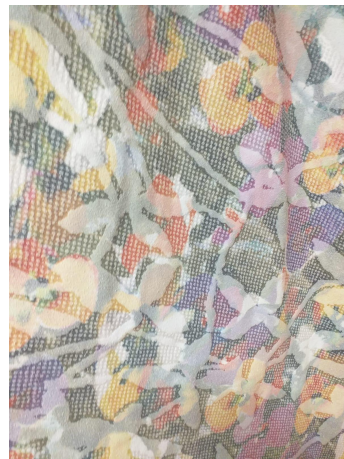

Tessitura Taborelli based near Como in Northern Italy, has been creating and producing exceptional furnishing fabrics for the national and international markets since 2009. Specialising in silk taffeta, fine cotton sets, and intricate jacquards, this renowned weaving group offers both small production runs and custom one-off creations, meeting the high demands of the international contract sector.

We create two collections a year: a basic one that we maintain over time and a themed one that changes according to current trends and styles.

Whatever your needs, thanks to our production capacity and the availability of a complete supply chain, we can produce quickly and with the highest level of customisation possible.

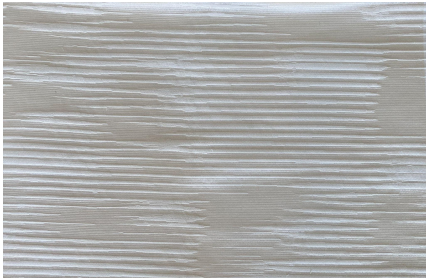

And always with the certainty of a technical service capable of recommending and activating the most efficient solution.

Discover a rich selection of jacquard techniques.

Explore an extensive collection of designs or translate your own into fabric.

A vast archive of textile designs to explore!
